

## Transition to FTSE Fixed Income Data Delivery System

FTSE Russell is pleased to announce a new Data Delivery System (DDS) for our global FTSE Fixed Income index packages. DDS is a client preferred file delivery methods and widely accepted standard.

The enriched data files are now available on FTSE Russell standard FTP (sFTP) - DDS (<https://data.ftse.com/>), and clients are invited to begin transitioning from their existing Mydata files on Yieldbook.com to the new DDS delivery system. The FTP delivery is a widely accepted standard and aligns data delivery across equity and fixed income platforms. To set up your DDS account and to access the new data files, please reach out to the Customer Representative team at [fi.index@lseg.com](mailto:fi.index@lseg.com).

The existing data delivery platform (Mydata) will continue to be supported throughout the transition process, with a target completion date of January 2022.

FTSE Russell is committed to continually expanding coverage and breadth of offering within the core index packages to be made available in this new enriched delivery.

Please contact us at [fi.index@lseg.com](mailto:fi.index@lseg.com) with any comments or questions.
